This figure does not reflect all the expenses for No Worries.

Beth needs help with breaking down the stadium course in order to set the dressage arena for the afternoon dressage tests.

The insurance bill for extra events was paid.

There are currently 49 rides for No Worries.

There was a discussion about going to quarterly general meetings for next year.

Also, there was discussion about having a formal CVACTA sign made for our events to help people find event locations.

Cindi Highfill gave a very informative and entertaining talk about safety equipment, concussions, and when to replace helmets and vests.
